Executive Summary | Products & Regions | Trends

Date: all | Category: all | State: all | Fulfilment: all

Net revenue per week: Amazon vs Easy Ship (₹ million)

Net revenue per day, by month (₹ lakh)

*1 to 27 June. 28–29 June are incomplete (orders still pending).

Cancellation rate by week (%)

Steady at 13–16%: the revenue swings come from order volume, not cancellations.

What this means

- Two separate dips: Amazon orders in mid-May, Easy Ship orders from late May.
- Orders spiked on 1–4 May, then fell.
- Cancellation rate stayed near 14%.
- Causes are not in the data: questions listed for the client.
