UrbanThread: Sales Performance

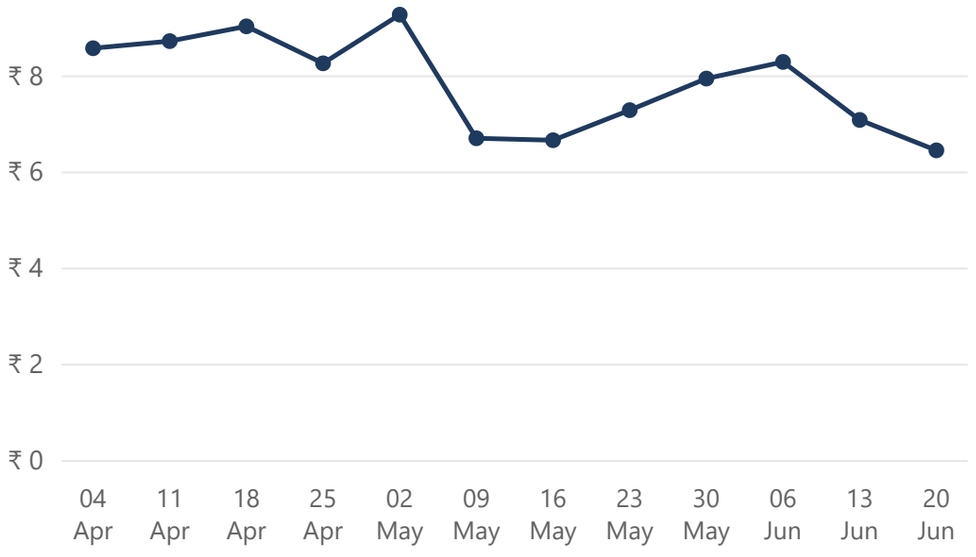

31 Mar to 29 Jun 2022 · Amazon India · net revenue, not profit

Executive Summary | Products & Regions | Trends

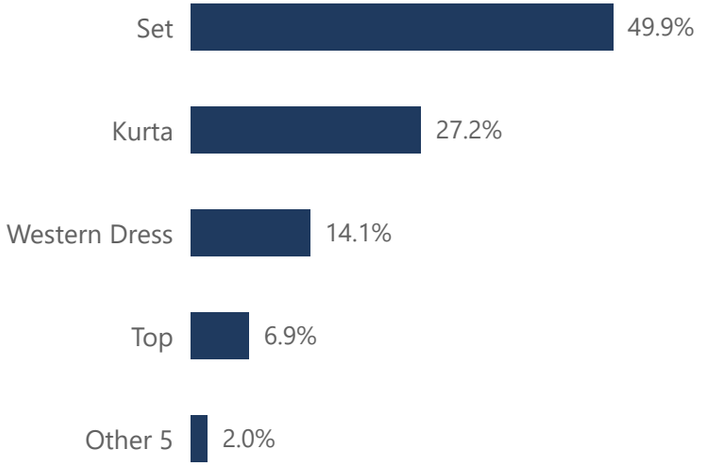

Order Date: 31-03-2022 – 29-06-2022 | Category: All | State: All | Fulfilment: All | Clear filters

Net revenue	Orders	Units sold	Avg order value	Cancellation rate	Easy Ship return rate
₹ 6.97 Cr	97,965	1,05,484	₹ 711	14.21%	6.78%

Net revenue per day, by week (₹ lakh)

Net revenue share by category

What this means

- Set, Kurta and Western Dress earn 91% of net revenue.
- Revenue per day fell 14% from April to June.
- Cancellations and returns cost at least ₹83 lakh (10.6% of order value).
- Easy Ship is 28% of net revenue but 55% of the lost value.

Net revenue = completed order lines with an amount, not profit. Cancelled value is a minimum: 41% of cancelled lines have no amount. Orders of 28–29 June are incomplete (still pending), so the latest figures are slightly understated.

Net revenue per week: Amazon-shipped vs Easy Ship (₹ million)

Amazon-shipped fell 41% in the week of 9 May; Easy Ship fell 48% in the week of 23 May (full period).

Weeks cut by the date filter show only the selected days.

Cancellation rate by week

The rate stays between 12.8% and 15.6%: the revenue swings come from order volume, not cancellations.

Net revenue per day, by month (₹ lakh)

June is 1 to 27 June: 28–29 June are incomplete (orders still pending).

What this means

- Amazon-shipped revenue fell 41% in the week of 9 May, then recovered.
- Easy Ship revenue fell 48% in the week of 23 May and has stayed about 28% lower.
- Orders spiked on 1–4 May, then fell.
- The cancellation rate stayed near 14%: the changes are in order volume.
- The causes are not in the data. Questions for the client are listed.

Findings for the full period; not affected by the filters above.

Net revenue = completed order lines with an amount, not profit. Cancelled value is a minimum: 41% of cancelled lines have no amount. Orders of 28–29 June are incomplete (still pending), so the latest figures are slightly understated.
